## Therapeutic Infrared Heat

BioSmart  
Far Infrared Blanket

## BioSmart™ Far Infrared Blankets

- Cozy polar fleece outer layer, soft and luxurious, with elegant styling.
- Therapeutic Far Infrared wave pattern.
- 9 patented proprietary layers to insure even Far Infrared distribution and retention of specific Far Infrared waves to maximize its therapeutic advantages.
- No hot spots or overheating. No excess build-up of heat during the night. The patented DC smart box regulates and maintains the temperature setting by monitoring both body and blanket temperatures and adjusting the heat as needed.
- Virtually undetectable wiring.
- Patented wireless controller with backlit digital LCD display. No wires to trip over during the night.
- No unhealthy AC electromagnetic radiation.
- Lowest wattage DC blanket on the market. King and Queen size blankets have dual controls.
- 10 temperatures levels for perfect comfort control. 98 - 118 degrees Fahrenheit (36 - 44 degrees Celsius).
- Timer function for automatic shut-off in 1 - 12 hours.
- Hand wash or machine wash in a front-loading washer on warm or low heat.
- High safety standards, Certified by TUV SUD with UL and cTUV-US certificates.
- Available Sizes: King, Queen, Full, and Throw.
- Available Colors: Crème, Mocha, and Merlot.
- Warranty: Five year limited.
